

The Great Cereal Challenge: Draw & Color

Invent a cereal. One that goes well with milk. Or without. One to be eaten at breakfast. Or at dinner.
Team up with parents, brothers, sisters, dogs or cats. Pour your ideas in and see what floats to the top.

1 Here's what to do.

- Name your cereal.
- Decide what's inside.
- Draw the box, front and back.
- Color your cereal box.
- Snap a pic of your art and ask your mom or dad to send to info@natedigital.com or tag us on Instagram at [@natedigital_](https://www.instagram.com/natedigital_)

2 Who are you making this for?

Kids, like you!

3 Answer these questions to get started.

- What color is the box?

- Would your favorite food make a good cereal?

- Does your cereal have marshmallows in it? If so, what are they shaped like?

- Are there any games on the box?

- Is it brand new or based on TV characters? Paw Patrol? Peppa Pig?

4 Draw the box, front and back.

Color it different ways with different colors. Color inside the lines and out. Try a few things and see what's your favorite.
